BUSINESS SUMMARY

We can take care of any job you have whether it's long-term maintenance of your facility, upgrading your existing electrical and low voltage systems with latest the market has to offer , or making sure task-critical electrical equipment is running.

Ritch Electric was started in June of 1968 by Benjamin W. Ritch, Sr. As the company grew more work was performed at Fort Benning, Georgia and still holds true today. We serve Columbus and the surrounding areas thru service work and contracts.

We are committed to providing the most efficient, cost effective, and reliable electrical systems that will meet your needs for years to come.
